

- 1 cup Borax
- 1 cup Super Washing Soda
- 1 cup Citric Acid
- 1/2 cup salt
- 30 drops essential oil (bacteria buster oils)

Mix all the ingredients together with a wire whisk. Let the bowl sit overnight to dry the essential oil out, if you put it in a sealed container right away it will harden.

Bacteria Buster Essential Oils:

Cinnamon – very powerful antimicrobial. Virus spores, bacteria, and fungus cannot live in the presence of this oil.

Clove – kills viruses and bacteria.

Lemon – grease stains, stain remover, brightener, disinfectant

Lemongrass – best oil for disinfecting and purifying

Lime – removes gum, wood stains, oil stains, grease spots on clothing

Orange – removes sticky adhesive residue from most surfaces

Eucalyptus – targets and eliminates bacteria, viruses, and fungi

Thyme - prevents fungi molds, antibacterial

Pine - disinfectant
